

**The Bridgeport Regional Business Council (BRBC)** is a business membership association that serves small and large companies throughout Connecticut via programming focused on advancing business growth in the Greater Bridgeport Region. While **BRBC** acts as a regional business association, it also serves as the umbrella/managing organization to three Chambers of Commerce (Bridgeport, Stratford, and Trumbull). As **BRBC's** three Chamber of Commerce Affiliates create programming and events specific to their locations, we will connect your **BRBC** membership with the town or city your business is located in.

**Please note this important point about the value of your membership:** When a company becomes a member of the **BRBC**, they automatically become a member of all three affiliated Chambers of Commerce as well. **BRBC** membership offers access to all **BRBC** and Affiliate Chamber events as well as access to **BRBC's** Leadership, Professional, and Business Development Programs & Services. **WELCOME!**
